Jesus Restored My Life (John 5:2-11, 19-21)

**The Point:** Jesus restored what was broken in my life.

**The Bible Meets Life:** In 2004, our daughter Hadley was born. Due to some pre-existing health conditions, she was born weighing only 15.5 oz. Over the next 108 days we were on a roller-coaster ride of life and death. Some days the doctors had great news to share with us about her progress, and on other days we arrived at the NICU only to be greeted with discouraging news. At one point during that journey our daughter acquired an infection that caused her to become septic. Our doctors shared with us that there was nothing else that the medical staff could do for her. We would just have to wait and see what happened.

Hearing those words can cause you to lose your breath. We had reached the end of the medical options, but we had only begun to explore what God was capable of. Over the next several weeks, we learned to pray like never before, and as we did, God showed up. In our time of desperation, we turned to the only One who could meet our need, and He did.

**Live It Out: Watch.** Jesus was watching what His Father was doing. Ask God to open your eyes to people and needs around you this week. You may be surprised at what you see and hear. **Think.** Think about some of the “God stories” you have heard in recent weeks. Where has God been working? Who has God been using? Write down any insights about what these stories and testimonies tell you of how God works. Praise God for the work He is doing around you. **Tell.** The greatest “God story” of my life is the moment Jesus saved me from my sin. If you are a believer, you have a similar testimony. While each story is unique, they each have Jesus at the center, saving a sinner at their root. Tell someone your testimony this week.
